Aspiring AI/ML Engineer | NLP & Deep Learning | Python & Backend
| Building Real-World Projects | Tech & Startup Enthusiast | DSA in C++

Kapurthala, Punjab, India

Summary

I'm a B.Tech student exploring Artificial Intelligence and Machine Learning, with a strong interest in building practical, real-world solutions. I enjoy working on projects and hackathons where I can apply ML, backend development, and problem-solving skills to turn ideas into working products. I focus on learning by building, collaborating in teams, and improving with every project. I'm also interested in startups and product development, and my goal is to grow into a skilled AI engineer while gaining industry experience and eventually building impactful tech solutions of my own. Always open to learning, collaboration, and meaningful conversations around AI, ML, and innovation.

Experience

Edunet Foundation

AI/ML Internship

June 2025 - July 2025 (2 months)

Completed an AI & ML internship offered by Edunet Foundation in collaboration with AICTE and IBM. Developed an Employee Salary Prediction project using machine learning, involving data preprocessing, model training, and evaluation to classify income levels based on demographic attributes.

Also completed multiple IBM SkillsBuild certifications covering AI Fundamentals, Machine Learning, Deep Learning, Neural Networks, and Natural Language Processing, enhancing both technical and practical understanding of AI.

BIC | IKGPTU

Social Media Manager

August 2024 - February 2025 (7 months)

Kapurthala, Punjab, India

At the Business Incubation Centre (BIC) of IK Gujral Punjab Technical University (IKGPTU), I manage and develop the LinkedIn page to foster engagement with students, entrepreneurs, and industry experts. My role focuses on crafting and executing effective social media strategies aimed at promoting the center's programs, events, and success stories.

Key Responsibilities:

Strategically managing and growing the LinkedIn presence of BIC IKGPTU.

Creating compelling content that highlights incubation programs, startup success stories, and entrepreneurial resources.

Engaging with our community of student entrepreneurs, mentors, and industry experts through regular posts and updates.

Enhancing the visibility of BIC initiatives like workshops, competitions, and entrepreneurial support programs.

Analyzing performance metrics to optimize engagement and audience growth.

I'm passionate about using digital media to inspire innovation and connect aspiring entrepreneurs with the resources and support they need to turn their ideas into successful startups.

Rendezvous IITD

Campus Ambassador Rendezvous 23-24 IIT Delhi

September 2023 - October 2023 (2 months)

Education

Punjab Technical University, Jalandhar

Bachelor's degree, Computer Science · (August 2023 - September 2027)
